

PRODUCT DATA SHEET

B20-002 BLACK 3K TW 200

TS-CF-3K-TW-200 - Bidirectional 3K Carbon Fiber fabric.

PROPERTIES

Property	Value
Fiber	3K CF
Fiber areal weight	200 g/m ²
Sizing	1%

FABRIC DESIGN

Property	Value
Pattern	Twill
Width	100 cm
<i>Contact us for special widths</i>	
Density	5 picks/cm

MAIN FEATURES:

- Flexible
- Easy to manipulate and cut
- Suitable for aesthetic applications
- Same properties in both directions (0°/90°)

TYPICAL APPLICATIONS:

- Automotive
- Leisure items
- Medical
- Aesthetics

The described values in this technical sheet are the estimated results obtained in the TEXTFIRE TEXTILS TECNICS S.L internal laboratory according to standard methodologies. TEXTFIRE reserves the right to change the parameters without the obligation to notice it previously.
