

## PRODUCT DATA SHEET

**B20-005 FLAX 1000T TW 385**

TS-FLAX-1000T-TW-385 - Bidirectional Flax fabric.

## PROPERTIES

Property	Value
Fiber	Flax
Tex	1000
Fiber areal weight	385g/m <sup>2</sup>

## FABRIC DESIGN

Property	Value
Pattern	Twill
Width	100cm
<i>Contact us for special widths</i>	
Warp Density	1,7 threads/cm
Weft Density	2,2 picks/cm

## MAIN FEATURES:

- Flexible
- Recyclable
- Low eco-impact
- Easy to manipulate and

## TYPICAL APPLICATIONS:

- Sports Goods
- Naval
- Automotive
- Renewable energy
- Consumer products
- Aesthetics

The described values in this technical sheet are the estimated results obtained in the TEXTFIRE TEXTILS TECNICS S.L internal laboratory according to standard methodologies. TEXTFIRE reserves the right to change the parameters without the obligation to notice it previously.
