

PRODUCT DATA SHEET

B20-006 FLAX 1000T PL 330

TS-FLAX-1000T-PL-330 - Bidirectional Flax fabric.

PROPERTIES

| Property | Value |
|--------------------|---------------------|
| Fiber | Flax |
| Tex | 1000 |
| Fiber areal weight | 330g/m ² |

FABRIC DESIGN

| Property | Value |
|--------------------------------------|----------------|
| Pattern | Plain |
| Width | 100cm |
| <i>Contact us for special widths</i> | |
| Warp Density | 1,7 threads/cm |
| Weft Density | 1,8 picks/cm |

MAIN FEATURES:

- Flexible
- Recyclable
- Low eco-impact
- Easy to manipulate and cut

TYPICAL APPLICATIONS:

- Sports Goods
- Naval
- Automotive
- Renewable energy
- Consumer products
- Aesthetics

The described values in this technical sheet are the estimated results obtained in the TEXTFIRE TEXTILS TECNICS S.L internal laboratory according to standard methodologies. TEXTFIRE reserves the right to change the parameters without the obligation to notice it previously.
