

PRODUCT DATA SHEET

B21-000 STABILIZED BLACK 12K PL 280

TSW-CF-12K-PL-280-6CPA Bidirectional 12K Carbon Fiber fabric with web-lock stabilization.

PROPERTIES

Property	Value
Fiber	12K CF
Fiber areal weight	280 g/m ²
Stabilizer veil	CO-PA
Stabilizer veil content	6 g/m ²

FABRIC DESIGN

Property	Value
Pattern	Plain
Width	100 cm
<i>Contact us for special widths</i>	
Density	1,7 picks/cm
Sizing	1%

MAIN FEATURES:

- Flexible
- Easy to manipulate and cut
- Suitable for aesthetic applications
- Same properties in both directions (0°/90°)

TYPICAL APPLICATIONS:

- Automotive
- Sports
- Ballistics
- Aesthetics

The described values in this technical sheet are the estimated results obtained in the TEXTFIRE TEXTILS TECNICS S.L internal laboratory according to standard methodologies. TEXTFIRE reserves the right to change the parameters without the obligation to notice it previously.
